

Annual Statements Today

DRS runs Annual Statements for all systems and plans on an annual basis. Paper statements are created and mailed for only LEOFF 2 members. The statements are available online before they are mailed. If a LEOFF 2 member prints a copy from their online account, what they see looks completely different from what they receive in the mail.

2011 Run

Mailing these statements cost the LEOFF 2 Board \$11,473.84.

482 were returned to DRS.

- 224 were active members with bad addresses.
- 258 were in-active members with bad addresses.

Member Impact

If a member is signed up for online account access, they can simply log in to view their current and historical annual statements.

To receive a paper statement, a LEOFF 2 member can contact DRS, and one will be mailed.

LEOFF 2 Members are Active Online

In March of 2012, DRS rolled out an ONLINE Retirement Application.

LEOFF 2 Online Applications

March	April	May	June	July	August	September
0%	9.8%	9.10%	26.8%	21.2%	25.8%	40.9%

Over 56% of LEOFF 2 members are signed up for online account access.

LEOFF 2 members continue to grow in online activity. Moving to online statements keeps up with your customer.

Moving online gives your members the opportunity to more customized information when they want it.

Save money and paper.
