Steve Nelsen, Executive Director
Law Enforcement Officers and Fire Fighters Plan 2 Retirement Board
Olympia, Washington

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the Schedule of Expenditures – Budget Allotment to Actual and related notes (the schedule) of the Law Enforcement Officers and Fire Fighters Plan 2 Retirement Board, as of and for the year ended June 30, 2020, and have issued our report thereon dated December 7, 2020.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the schedule, we considered the Board's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Board's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the Board's schedule is free from material misstatement, we performed tests of the Board's compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Board's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Board's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

INDEPENDENT AUDITOR'S REPORT ON EXPENDITURE SCHEDULE

Law Enforcement Officers and Fire Fighters Plan 2 Retirement Board July 1, 2019 through June 30, 2020

Steve Nelsen, Executive Director
Law Enforcement Officers and Fire Fighters Plan 2 Retirement Board
Olympia, Washington

REPORT ON THE EXPENDITURE SCHEDULE

We have audited the accompanying Schedule of Expenditures – Budget Allotment to Actual of the Law Enforcement Officers and Fire Fighters Plan 2 Retirement Board, as of and for the year ended June 30, 2020, and the related notes, which collectively comprise the Board's schedule as listed on page 9.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this schedule in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a schedule that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the schedule based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedule is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the schedule, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Board's preparation and fair presentation of the schedule in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedule.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the schedule referred to above presents fairly, in all material respects, the budgeted and actual expenditures of the Law Enforcement Officers and Fire Fighters Plan 2 Retirement Board, as of June 30, 2020, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the schedule as a whole. The Supplemental Table – Prior Year Expenditure Comparison is presented for purposes of additional analysis and is not a required part of the schedule. Such information has not been subjected to the auditing procedures applied in the audit of the schedule, and accordingly, we do not express an opinion or provide any assurance on it.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated December 7, 2020 on our consideration of the Board's internal control over schedule reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over schedule reporting and compliance and the results of that testing, and not to

provide an opinion on internal control over schedule reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Board's internal control over schedule reporting and compliance.

LAW ENFORCEMENT OFFICERS & FIRE FIGHTERS PLAN 2 RETIREMENT BOARD
NOTES TO SCHEDULE OF EXPENDITURES
For the Fiscal Year Ending June 30, 2020

Note 1 – Agency Description & Summary of Significant Accounting Policies

A. Agency Description, Background & Activities

The Law Enforcement Officers' and Fire Fighters' Plan 2 Retirement (the board) was created through taxpayer initiative 790 in November of 2002. In 2003, the board was created as a state agency governed by its board of trustees. The board exists to research, develop and execute broad policies beneficial to the members of the Law Enforcement and Firefighters Retirement Plan 2 Pension Fund's present and future recipients. The board employs seven full time employees to act as administrative, technical, and advisory experts to aid in carrying out the board's mission.

The eleven-member board, appointed by the Governor of the State of Washington, governs the board. Board members are appointed from the following groups:

- Three must be active law enforcement officers who participate in the plan and one of the members may be a retired law enforcement officer and a member of the plan.
- Three must be active fire fighters who participate in the plan and one of the members may be a retired fire fighter that participates in the plan.
- Three must be representatives of employers.
- One must be a member of the State House of Representatives.
- One must be a member of the State Senate.

The board is empowered to oversee the Law Enforcement Officers' and Fire Fighters' Retirement System (LEOFF 2). They do not maintain custody or manage the investments in the plan. The custody and investment function is the responsibility of the Washington State Investment Board (SIB). The board is required to; (1) adopt actuarial tables, assumptions and cost methodologies, (2) adopt contribution rates for LEOFF Plan 2, (3) and other related duties. The other related duties the board activity incurs expenditures for include:

Professionals & Technical Advisors – Retain professionals and technical advisors necessary to accomplish the board's duties. As provided by RCW 41.26.720, the board shall make an annual report to the governor, legislature, and state auditor setting forth a summary of the costs and expenditures of the plan for the preceding year. The board shall also retain the services of an independent, certified public accountant who shall annually audit the expenses of the fund and whose report shall be included in the board's annual report.

Actuary – Consulting with an enrolled actuary retained by the board (the state actuary shall provide assistance when the board requests). The actuary used must provide the state actuary with copies of its valuations, assumptions and cost methodology for a reasonableness review. If the two actuary do not agree, a third actuary must be appointed by the board and state actuary.

Other Costs – Retain administrative staff and acquire office space for operations. Process travel reimbursements for board members as provided by RCW 43.03.050 and 43.03.060.

B. Basis of Accounting and Reporting

The expense account used by the LEOFF 2 Plan Board is a governmental fund. The Board uses the modified-accrual basis of accounting with a measurement focus on current financial resources. The Schedule of Expenditures-Budget and Actual is not intended to be a complete presentation of the Board's assets, liabilities, and revenues nor does it constitute a complete set of financial statements in accordance with generally accepted accounting principles.

All of the Board's general accounting, reporting, payroll and budget functions are managed by the Washington State Department of Enterprise Service's Small Agency Financial Services and Human Resources Teams. All accounting data is maintained in the statewide Accounting & Financial Reporting System (AFRS) under agency 341.

The board relies heavily on the State Administrative and Accounting Manual (SAAM) in the development and execution of its accounting related policies.

Note for negative expenditure data: The "Other Goods and Services" category is reporting a negative balance for actual fiscal year 2020 results. This negative amount is caused by expense reimbursements from the U.S. Bank Purchase Card Rebate program. Rebate amounts are based on a fraction of expenditures from various expense categories and are consolidated into this category for reporting purposes.

Expenditure Authority (RCW 41.26.732):

The authority to establish all policies relating to the expense fund, other than the investment policies of the Washington State Investment Board (WSIB), resides with the board. With the exception of investments by, and expenses of, the (WSIB), disbursements from the expense fund may be only with the authorization of the board.

Expenditures of the board are paid out of a singular operation account (LEOFF Plan 2 Board Expense Account / Account Number: 548). This expense account is administered by the state treasury. The board retains no other accounts for official board business.

Expenditures from the expense account may only be used in the execution of board duties. Allowable expenses include, but are not limited to:

- Salaries, benefits and related payroll costs of personnel.
- Lease Payments
- Travel
- Good & Services
- Audits
- Other general and reasonable costs of conducting board business

C. Budgetary Process

The board must develop an annual budget consistent with the requirements of chapter 43.88 of the Revised Code of Washington. The budget for the board is funded from the investment income of the LEOFF Trust fund held by the State Investment Board.

The budget for the agency is subject to the allotment process directed by the Office of Financial Management (OFM) but is not subject to legislative appropriation. Allotments maybe updated as needed however, they are non-binding and are used as an expense monitoring tool so that biennial budgets are not exceeded.

Note 2 Commitments & Non-Current Liabilities

D. Major Lease Payments and Commitments

The lease expenses incurred in fiscal year 2020 totaled \$45,954. The board is not currently under a long-term lease agreement for office space and is coordinating an office relocation to take place early in calendar year 2021. The annual lease obligate following the relocation is expected to be around \$80,000.

In 2014, the board, acting through the Washington State Department of Enterprise Services (DES), entered into a five year operating lease for office space which was effective until April 30, 2019. The agreement called for monthly lease payments of \$3,829.50. In addition to the monthly lease payments the agency was also required to pay the landlord for its prorated share (currently 5.36%) of water, sewer, garbage and restroom supplies as well as the cost of electricity and natural gas directly attributable to the office space occupied.

When the lease expired on April 30, 2019 the agency elected not to renew and current operates under a month-to-month arrangement with the same terms (\$3829.50/month). The board does not intend to enter into another long-term lease at the current location. Instead, the board is working with OFM and DES on a relocation plan with 4/1/2021 as the expected move date.

E. Compensated Absences

Consistent with statewide employment practices the board maintains an ongoing cost of compensated absences for employees that accrue sick and vacation leave on a monthly basis. Costs associated with compensated absences are not recorded as expenditures until absences are taken and annually the agency records the future liability related to compensated leave. The below table summarized the changes in compensated absences expenses for the year ended June 30, 2020 and reflects the potential cost of compensated leave.

Compensated Absences Summary	Vacation Leave Liability	Sick Leave Liability	Total
Current Year Opening Balance	\$ 68,138	\$ 32,066	\$ 100,204
Net Increase in Liability for the Year	\$ 23,444	\$ 9,206	\$ 32,650
Balance at year ending June 30, 2020	\$ 91,582	\$ 41,272	\$ 132,854

Note 3 – Related Party Transactions

The board obtains a significant amount of goods and services from other agencies within the state of Washington in the form of interagency agreements. The cost of these agreements are developed during the State’s budget process and are generally structured to recover the cost of providing goods and services. The following table summarizes the most significant agreements/services provided with other state agencies and the cost of these agreements in fiscal year 2020.
